Information Security Management System Certification

Service Excellence

CPCNet, a pioneer in providing communications and security solutions, is glad to have its TrueCONNECT™ MPLS VPN Solution and Trust-S™ Managed Security Services attaining the **ISO 27001 Information Security Management System (ISMS) Certification**. This is one of CPCNet's real milestones and a testimony to its commitment to providing customers with excellent services.

CPCNet – Your Trusted Communications and Security Partner

SGS explains that companies which awarded **ISO 27001 ISMS Certification** are able to effectively and systematically manage their information security, like what CPCNet is doing, have a stronger capability to protect their own assets and intellectual property, thus enhancing their trustworthiness among customers. This award therefore underscores CPCNet's capabilities to manage Information Security risks and to provide the peace of mind required by enterprises nowadays.
